FROM:

[redacted]

SUBJECT:

Security Presentation to SCI Forum [redacted]

REFERENCE:

ER #87-2125 dated 8 June 1987

1. In the referenced memorandum (copy attached), the Executive Director, CIA, has requested my office to arrange for the Office of Security to brief the Interagency Group/Countermeasures (Policy) (IG/CM[P]) on the actions the Agency has taken in reviewing personnel selection and evaluation criteria and revised personnel and security measures as a result of the [redacted]. That action is being handled separately from this office in conjunction with your Policy Branch. [redacted]

2. As you may be aware, members of the IG/CM(P) are, for the most part, not security managers. On the other hand, all members of the SCI Forum are senior security managers. It would seem that the cited briefing would be of high interest to Community security officials such as those in the Forum. The actions taken by CIA are likely to have direct application to other agencies and departments. For those reasons it is requested that you attempt to arrange a briefing for the Forum at the 13 July meeting which will be held in Room 6100, Main Justice, at 1300 hours.
